

Bandbiography

All started years ago, back in autumn 2002, Benjamin „Ben“ Jäger, Dennis „Den“ Herzog, Martin „Joe“ Zimmermann and Alex „Ed“ Salzinger founded the band NO MAOLS.

Starting with cover versions of their music heroes, soon it became clear ... there is a specific sound in NO MAOLS. As soon as 2004 their first demo CD "Into Memories" was published by themselves. The success story was continued with Live Acts in Germany and foreign countries. NO MAOLS performed as support act for SUNSCREEN in Hungarian and participated in several band contests with good ratings.

In 2005, the four musicians came into focus of the AVENA-MUSIC label. Their song "Heroin" was published on the sampler "Hitverdächtig" and was part of the soundtrack for "Kontrollverlust" (DVD).

2007: "In Your Head" was published, the first studio album. The title "Everything Nothing" was also published on the "Silosonic" sampler and a re-arranged version of "You Played Me", done in the ANKO-MUSIC-STUDIOS found his way to "Rocking Munich Vol.2".

The quartet continues into 2010 and launched, with increasing success, not only among their fans, but also in several music magazines; "Another Way". Supported by attractive videos for „Change Your Mind“ and „The Wild Rover“.

And last but not least, in August 2012, live, in front of more than 1000 supporters, at the biker meeting in Taufkirchen, Germany. The fans got crazy among their performance.

Currently the guys from NO MAOLS work hard on new songs; a new CD is planed ! We can't wait until its release !
